

The best personal protection for abrasive blasting

The "HERO" is constructed using different high-grade materials including leather and rubber for high resilience.

The HERO can be used in conjunction with the Blastsafe Suits, Blastsafe SKYWALKER boots and Blastsafe ORIGIN helmet, as the final solution system for harsh abrasive blasting environment.

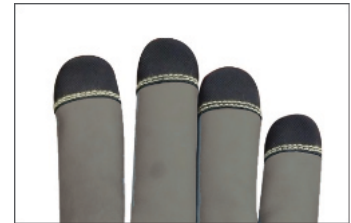

The gloves allow for good finger dexterity - performance level 3 (acc. to EN ISO 21420:2020).

In addition, the glove material has been subjected to the flammability test according to EN 14594:2018 (test method 3 acc. to EN 13274-4:2020) and has shown a high resistance to ignition.

Quick-lock solution

Reinforced fingertips against recoil
